# COME EXPLORE!

### Benefits include:

- **Increased Concentration!**
- **Promote Cognitive Development!**
- **Improved Coordination!**
- **Promote Social Interaction!**

Sensory Station provides a safe, nurturing, person-centered, supportive environment. It is used to facilitate empowerment, self-organization, relaxation, activity tolerance, communication, reality orientation, sensory awareness, and awareness of self, peers, and surroundings. In addition, using the room can provide de-escalation techniques, stress reduction and self-control.
